Phonics – Long Vowel /igh/

Read the story.

We are going on a delightful holiday! It is time for our flight! It will take off at seven o'clock at night. Better rush, or it might leave without us.

There are planes so high in the sky. They are out of sight. The flight might give me a big fright! I hope the flight will be a short one, not a long one.

There isn't much space on the flight. The seats are tight, and the lights are not bright. This flight may have a slight problem. I don't like heights! *sigh*
