

Kindergarten Reading: Spring

It is Spring! The months in Spring are March, April, and May.

When it is Spring, many things change and grows.

Let's find out what happens in Spring!

Kindergarten Reading: Spring

The weather is sunny and cloudy in Spring. It gets warmer. We don't need our big jackets!

The seeds in the ground start to grow into plants, trees, and flowers.

Kindergarten Reading: Spring

Many insects come out in Spring. They wake up and enjoy eating fresh plants!

Caterpillars will grow into butterflies. Bees will make honey. It is a busy time for all the insects!

Kindergarten Reading: Spring

There are many things to find out in Spring! We should go outside and explore.

We can catch butterflies! We can use our magnifying glasses to see their patterns. Spring is so interesting!
