Read the story.

Hue is a blue rescue hippo. His mother is called Sue! It is true that he likes to argue. The issue is that he can be cruel.

He doesn't like to queue. He sees no value. He plays with glue. He likes to continue to argue. When he argues, his mother Sue thinks it is a big issue.

When Sue starts to argue with Hue, he turns into a statue. He does not continue to argue. He may need a tissue, as he can't argue with Sue.
